SHARON ANNOUNCES \$5 MILLION FINANCING

Sharon Energy Ltd. (the "Company") announced today that it has entered into an agreement with Research Capital Corporation to act as agent in respect of the issue of up to 10,000,000 units, at an issue price of \$0.50 per unit, on a best efforts basis.

Each unit will consist of one common share and one-half of one private placement warrant. Each whole private placement warrant will entitle the holder to acquire one common share at an exercise price of \$0.65 per common share for a period of 18 months from closing of the offering.

Humboldt Capital Corporation has indicated that it intends to subscribe for 4 million units for an aggregate subscription price of \$2,000,000. R.W. Lamond owns approximately 67.6% of the outstanding common shares of Humboldt. Assuming the maximum number of units are issued, R.W. Lamond and Humboldt together will own 18,925,667 common shares of the Company (35.4%) and warrants and options exercisable, in aggregate, for the purchase of an additional 2,150,000 common shares. Two of the directors of Humboldt and certain officers are also directors and officers of the Company.

The closing of the offering is subject to receipt of all necessary regulatory approvals.

The agent will receive a commission of 7% on the units sold, other than units sold to Humboldt, and broker's warrants to purchase 7% of units sold, other than units sold to Humboldt, exercisable for a period of up to 18 months from closing of the offering.

The proceeds from this offering will be added to working capital and will be used to fund the Company's exploration and development program in the United States.
